PADI Try Scuba Course

A quick and easy introduction into what it takes to explore the underwater world. Although this is not a scuba certification course, you'll learn all the steps it takes to be a PADI certified diver.

Who should take this course?

Have you always wondered what it's like to breathe underwater? If you want to try scuba diving but aren't quite ready to take the plunge into a certification course, Discover Scuba Diving is for you. PADI dive shops offer this program either in a pool, off a beach or from a dive boat. You can try scuba close to home or while you're on vacation at a dive destination. While not a scuba certification course, Discover Scuba Diving is a quick and easy introduction to what it takes to explore the underwater world. To sign up for a PADI Discover Scuba Diving experience, you must be at least 10 years old. No prior experience with scuba diving is necessary, but you need to be in reasonable physical health. Are you ready to try it out?

Academic

You learn the basic safety guidelines and skills needed to dive under the direct supervision of a PADI Professional. Get ready to:

- Go over the scuba equipment you use to dive and how easy it is to move around underwater with your gear.
- Find out what it's like to breathe underwater.
- Learn key skills that you'll use during every scuba dive.
- Have fun swimming around and exploring.
- Hear about becoming a certified diver through the PADI Open Water Diver course.

What is needed?

J&S Dive Training Center provide all the basic scuba gear you'll use including a mask, snorkel, fins, regulator, buoyancy control device, dive gauges and a tank. Visit J&S Dive Training Center to learn more about the gear you will need to start your adventures in Discover Scuba Diving.
